

EXECUTIVE OFFICE OF THE PRESIDENT  
OFFICE OF MANAGEMENT AND BUDGET  
WASHINGTON, D.C. 20503

May 1, 2020

The Honorable Michael R. Pence  
President of the Senate  
U.S. Senate  
Washington, D.C. 20510

Dear Mr. President:

Section 251(a)(7) of the Balanced Budget and Emergency Deficit Control Act of 1985 requires that the Office of Management and Budget (OMB) submit a report to the Congress on discretionary appropriations legislation within seven calendar days of enactment (excluding Saturdays, Sundays, and legal holidays). The "Seven-Day-After" report must contain the OMB and Congressional Budget Office estimates of discretionary new budget authority provided by the legislation and an explanation of any differences between the two estimates.

Enclosed is the Seven-Day-After report for the Additional Emergency Appropriations for Coronavirus Response (Division B of Public Law 116-139, the Paycheck Protection Program and Health Care Enhancement Act). The President signed the Act into law on April 24, 2020. This report does not include any estimates of the budgetary effects for Division A of the Act since that division is not counted toward the discretionary spending limits.

Sincerely,

A handwritten signature in blue ink, appearing to read "R. Vought", with a long horizontal stroke extending to the right.

3 Appropriations previously enacted for 2020 reflect OMB scoring of the Consolidated Appropriations Act, 2020 (Public Law 116-93), the Further Consolidated Appropriations Act, 2020 (Public Law 116-94), the USMCA Supplemental Appropriations Act, 2019 (title IX of Public Law 116-113), the Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020 (division A of Public Law 116-123); the Second Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020 (division A of Public Law 116-127); and the Emergency Appropriations for Coronavirus Health Response and Agency Operations (division B of Public Law 116-136). The seven-day-after reports for these Acts are on the OMB website: <https://www.whitehouse.gov/omb/legislative/budget-enforcement-act-7-day-reports/>.

4 This table currently shows that enacted appropriations are over the Non-Defense cap by \$6 million. However, this excess is the result of a scoring difference with CBO in base non-defense budget authority that is summarized in the seven-day-after report for Public Law 116-136. Section 747 in division C of Public Law 116-93 includes a technical allowance that permits a cap adjustment for such estimating differences in 2020 and this adjustment will be made in OMB's Sequestration Update Report for 2021. The adjustment in the Non-Defense category is expected to be equal to the amount by which the budget authority exceeds the discretionary spending limit in that category because the entire overage is due to estimating differences with CBO.

5 Section 251(b)(2)(A) of the Balanced Budget and Emergency Deficit Control Act of 1985 (BBEDCA) authorizes an adjustment to the caps for appropriations that are designated by the Congress, and subsequently designated by the President, as emergency requirements or for Overseas Contingency Operations/Global War on Terrorism. Division B of Public Law 116-139 includes supplemental funding for these activities with the appropriate designations as emergency requirements and the President transmitted to the Congress on April 24, 2020 his subsequent designations of all of these amounts. These amounts are summarized here and are not included in the totals displayed above that are counted against the caps. The adjustments to the discretionary limits to reflect this spending are not included in this report but will be included in OMB's Sequestration Update Report for 2021.

3 Appropriations previously enacted for 2020 reflect OMB scoring of the Consolidated Appropriations Act, 2020 (Public Law 116-93), the Further Consolidated Appropriations Act, 2020 (Public Law 116-94), the USMCA Supplemental Appropriations Act, 2019 (title IX of Public Law 116-113), the Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020 (division A of Public Law 116-123); the Second Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020 (division A of Public Law 116-127); and the Emergency Appropriations for Coronavirus Health Response and Agency Operations (division B of Public Law 116-136). The seven-day-after reports for these Acts are on the OMB website: <https://www.whitehouse.gov/omb/legislative/budget-enforcement-act-7-day-reports/>.

4 This table currently shows that enacted appropriations are over the Non-Defense cap by \$6 million. However, this excess is the result of a scoring difference with CBO in base non-defense budget authority that is summarized in the seven-day-after report for Public Law 116-136. Section 747 in division C of Public Law 116-93 includes a technical allowance that permits a cap adjustment for such estimating differences in 2020 and this adjustment will be made in OMB's Sequestration Update Report for 2021. The adjustment in the Non-Defense category is expected to be equal to the amount by which the budget authority exceeds the discretionary spending limit in that category because the entire overage is due to estimating differences with CBO.

5 Section 251(b)(2)(A) of the Balanced Budget and Emergency Deficit Control Act of 1985 (BBEDCA) authorizes an adjustment to the caps for appropriations that are designated by the Congress, and subsequently designated by the President, as emergency requirements or for Overseas Contingency Operations/Global War on Terrorism. Division B of Public Law 116-139 includes supplemental funding for these activities with the appropriate designations as emergency requirements and the President transmitted to the Congress on April 24, 2020 his subsequent designations of all of these amounts. These amounts are summarized here and are not included in the totals displayed above that are counted against the caps. The adjustments to the discretionary limits to reflect this spending are not included in this report but will be included in OMB's Sequestration Update Report for 2021.
