

EXECUTIVE OFFICE OF THE PRESIDENT
OFFICE OF MANAGEMENT AND BUDGET
WASHINGTON, D.C. 20503

January 14, 2025

Statement from OMB Director Shalanda Young

**Budgetary Impact Analysis for Executive Order Entitled
“Advancing United States Leadership in Artificial Intelligence Infrastructure”**

This executive order would direct agency actions to promote the development and operation of artificial intelligence infrastructure in the United States. Implementing this executive order could increase costs to the Federal Government. The benefits of this executive order include helping prevent adversaries from using powerful future systems to the detriment of our military and national security, and helping prevent undue dependence on other countries’ infrastructure. Implementing this executive order could increase mandatory and discretionary obligations and outlays, in the 5-year fiscal period beginning in fiscal year 2025. The agencies anticipated to be impacted by this executive order include the Departments of Defense, the Interior, and Energy.
